

## Berlin Sees Extermination in Treaty Termed "Instrument of Robbery" "Dictated by Huns"

## HUNS STUNNED BY PEACE PACT.

Berlin Leaders Refuse to Comment on Conditions.

Geisberts Quoted as Urging Bolshevik Alliance.

German Press Assert Terms are "Unfulfillable."

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, May 9. (Via Copenhagen.)—The president of the imperial ministry has sent the following telegram to the governments of the free states:

"In deep distress and weighed down by care, the German people have waited through the months of the armistice for the peace conditions. Their publication has brought the bitter disappointment and unquenchable grief to the entire people. A public expression ought to be given these feelings by the German people. The imperial government requests that the free states have public assemblies suspended for a week and allow in the theaters only such productions as correspond to the seriousness of these grievous days."

BERLIN, Thursday, May 8.—The people, through faulty action, have been deceived by the peace terms, and are recovering sufficiently to declare Germany cannot and will not sign the compact, no matter what comes.

Strikes are increasing, and the government and the opposition are at the height of the past two months have, if anything, made Germany immune to the possible horrors which are anticipated if war are again plunged into war, according to the best opinion here.

There exists a small group of Germans, chiefly conservatives, who prefer to see the Entente occupy the whole country than to have it Bolshevik, but they are in the dwindling minority.

BERLIN, Thursday, May 8.—Parliamentary leaders of all factions who are in Berlin to attend committee meetings admit they were stunned by the severity of the proposed peace terms. Beyond casual comment, however, they declined to discuss the Entente's conditions or details of the proposed peace terms.

A leading member of the independent socialist faction declared the peace offered was wholly dictatorial and that its revision was possible only through a world revolution.

BERLIN, May 9.—"There is only one immediate solution—peace with Russia, and the use of Bolshevik troops for Germany," Geisberts, one of the German delegates at Versailles, is quoted by the Neue Zeitung as declaring with reference to the peace terms submitted.

Other of the German delegates are quoted by the newspaper's Versailles dispatch as follows:

Landberg: "The cruel announcement of the peace terms has been received. No verbal objections can be made over. We can do nothing but say yes or no. The peace terms are a peace of force."

Prof. Schuecking: "The document is simply a new form of robbery."

HUN PRISON BITTER.

(BY CABLE AND ASSOCIATED PRESS.)

BERLIN, Thursday, May 8.—Condemnation of the peace terms is expressed by all newspapers, but those of the extreme right referring to the conditions as "unfulfillable" and to the treaty as "an instrument of robbery."

The Freiheit says that compared with the policy pursued at Versailles, the Entente peace "must be termed quite moderate," but it is argued that the peace is in sharp contradiction with President Wilson's "fourteen points."

"A peace of annihilation," which says it shows "a ruthless desire to bring Germany permanently by force. If we sign this peace it is because we are bound by force, but in our hearts we resolutely reject it. Such a peace is an attempt to exterminate a nation, not by force of arms but by a more brutal, economic slavery."

Premier Hirsch of Prussia, speaking in the Prussian National Assembly, today characterized the peace terms as representing a purely "moral" peace, but "would mean slavery for the fatherland and fresh bloodshed for Europe."

"The government appeals to you," he continued, "to close your ranks, preserve your calm and avoid indication in case of discussion. You are faced by the question of to sign or not to sign. The entire nation must stand behind the government to convert this projected peace of violence into a peace of right. That is possible only if the nation which is expected to sign its own death warrant, firmly supports the government. This, the most mournful duty in our history, must find us strong."

GERMAN SQUIRMS.

(BY CABLE AND ASSOCIATED PRESS.)

LONDON, May 9.—In a review of German opinion on the terms of peace, telegraphed here, Reuter's Berlin correspondent says that a remark heard on all sides in Berlin is:

"Rather anarchy than such slavery," and that all the people are discussing the consequences of a refusal by Germany to sign the treaty.

"President Wilson," continues the correspondent, "is particularly the object of criticism, his so-called weakness evoking indignation, although there are still many who base their hopes upon him."

According to the extreme anti-Mittag, all the parties, from the extreme left to the extreme right, regard the treaty as impossible of acceptance. The president of the Berlin Chamber of Commerce, Franz Mendelssohn, says the first impression is that of the part's interest in the government, but he is finally convinced that Germany can only discharge her obligations if she remains economically neutral.

Director Guttmann of the Dresden Bank expressly himself as convinced that the peace proposals, unless they are altered, mean Germany's absolute ruin."

BAR SILVER MAKES ADVANCE.

(BY A. P. DAY WIRE.)

NEW YORK, May 9.—Bar silver closed in this market today at 108 1/2, which is an advance of 1/2 cent since the government price restriction was removed, two days ago.

## RUTH GARRISON IS FOUND NOT GUILTY.

WILL BE SENT TO ASYLUM FOR CRIMINALLY INSANE FOR TREATMENT.

(BY A. P. NIGHT WIRE.)

SEATTLE, May 9.—Ruth Garrison, 18-year-old girl, who confessed to the poisoning of Mrs. Grace G. Storrs, her rival for the love of D. M. Storrs, on March 18 last, late today was found not guilty because of mental irresponsibility at the time of the crime.

The jury was given the case at 2:15 p.m., and returned with a verdict at 5 o'clock. Under instructions the court the jury returned affirmative answers to three or four points, as follows: Whether the defendant committed the crime charged; whether the jury acquits her because of her insanity or mental irresponsibility at the time of the crime; whether her insanity or mental irresponsibility continues and exists at the time of the trial.

Under the State law, the court is compelled, as a result of the verdict, to sentence Miss Garrison to the State penitentiary at Walla Walla for treatment for the criminally insane, but as there are no accommodations at the penitentiary for women of this type, she will be transferred to the State Hospital for Feeble Minded at Medical Lake. For the present she will remain in the custody of the Kings county Sheriff.

Smiling, Miss Garrison received the verdict, then with a laugh she kissed her mother. One of the two women jurors sobbed as the verdict was read and several of the male jurors cried. Many spectators were moved to tears. Miss Garrison, as she was led from the courtroom, was laughing.

Ending of the case followed four hours of closing arguments for the State and defense, in which attorneys for Miss Garrison told the jury they did not ask the girl's freedom; rather they thought she should be confined in some State institution for treatment for the criminally insane.

For the State, Prosecutor J. D. Carmody asked the jury: "Are we to declare an open season on human beings, providing that the limit of the bag is one?"

He argued the girl was and is sane. So great was the interest in the case that the great crowds who were in the courtroom throughout the trial broke down all barriers today and took up every available bit of room.

LUKE'S LAST MESSAGE GOES TO SWEETHEART.

(BY A. P. NIGHT WIRE.)

PHOENIX, May 9.—What is believed to be the last message of Lieut. Frank Luke, Jr., aviator of the United States army, who died in action over the German lines, was received today by his sweetheart, Marie Rapon, San Diego.

The message, mailed in an envelope, was found in the lieutenant's quarters after Luke fell in his last fight near the village near Mervaux.

Capt. Hoover, who was here today with the Victory Liberty Loan flying circus, completed its last show here today and left tonight on a special train for its home base, Rockwell Field, San Diego, with three minor mishaps to its credit as a memento of its flights over the Salt River Valley.

The German Fokker machine developed engine trouble and made a forced landing, one of the Spads sprang a leak and came to a halt, while the second Spad violated the landing with the engine dead and the propeller smashed.

The records of the circus show that in thirty days out from Rockwell Field it has put on twenty-seven "main shows" and three "sideshows," an average of one a day, without a serious accident.

THE DAY'S NEWS SUMMED UP

(BY A. P. NIGHT WIRE.)

PHOENIX (Ariz.) May 9.—The Victory Liberty Loan flying circus completed its last show here today and left tonight on a special train for its home base, Rockwell Field, San Diego, with three minor mishaps to its credit as a memento of its flights over the Salt River Valley.

The German Fokker machine developed engine trouble and made a forced landing, one of the Spads sprang a leak and came to a halt, while the second Spad violated the landing with the engine dead and the propeller smashed.

The records of the circus show that in thirty days out from Rockwell Field it has put on twenty-seven "main shows" and three "sideshows," an average of one a day, without a serious accident.

THE SKY. Clear. Wind at 5 p.m. southwest, velocity, 10 miles. Thermometer, highest, 85 deg.; lowest, 65 deg. Forecast: Saturday fair, except cloudy near coast in the morning. For complete weather data see last page of this section.

THE CITY. Man accused of Artois bank robbery was brought here and admitted here as ex-convict, deputy who escorted him felled a pepper plot for his escape; extradition of alleged woman accomplice will be asked.

Los Angeles, at tail end of big cities in Victory Loan subscriptions, was called on to subscribe \$1,000,000 today.

Finance Committee of Board of Education is expected to return a report calling for full increases asked by teachers; statement that pedagogues contemplate forming a union is indignantly denied.

Brainstorm of relationships in annulment suit postponed the court and lawyers had to draw a diagram of the family tree, which showed that the plaintiff is her own and her husband's aunt.

Bolshewiki meeting at Santa Monica was busted up and ringleader was chased into Topanga Canyon by men who were annoyed at his attack on the government and soldiers.

Noted harbor engineer expressed himself as sure of the port's future, after seeing the development here made at comparatively small cost.

SOUTHERN CALIFORNIA. Miss Jeanette Drake of the Los Angeles public library has been named as head of the library in Pasadena.

Long Beach High School students will sell six times their quota in Victory Bonds at a total sale of \$91,800.

Epworth League opens a three-day convention at Gardena with big attendance.

Santa Ana plans to welcome delegates to annual G.A.F. encampment, which opens there Tuesday.

PACIFIC SLOPE. Six are killed, bank is robbed and stores rifled in raid on Cananda by Villa band yesterday morning. American immigration officer killed in clash with smugglers.

WASHINGTON. Following failure to bring about an agreement on prices between the steel interests and Director-General of Railroads, Hines, Secretary of Commerce Redfield accepted the resignations of members of the Industrial Board and complimented them upon their services.

After changing propellers on NC-1 and NC-4 at Halifax two naval planes expected reach here at Trepancy today. NC-1 will resume flight tomorrow if motor repairs are completed.

## GERMAN AUSTRIA SEEKS AMERICA

Business Man Wants United States Protectorate.

Plan to Give Tyrol to Italy is Strongly Opposed.

Former Hungarian Officers Secure Loot of Reds.

(BY CABLE—EXCLUSIVE DISPATCH.)

VIENNA, May 9.—A United States protectorate for German Austria is the suggestion of one of the largest commercial operators in this city. He would have American interests come in and take charge of Austrian enterprises and administer them.

This section of the old empire is simply stunned by the course of events and is still in a daze. It is beset on all sides by unfriendly neighbors who wish to profit by its misfortune, and consequently will lend it no aid to get it on its feet.

There is the friendliness feeling here toward America, and not only that but the people have confidence in its fairness and disinterestedness. It is believed also that other countries have the same confidence in American fair dealing and that therefore Americans are best fitted to solve the difficulties and establish relations between Austria and the bordering countries.

MAKE IT GOING CONCERN. This man wants the Americans to come in as a kind of combined umpire and referee, and administer the affairs of this country, and, to use a business term, make of it a going concern. The French have been offering the Austrians the same sort of an arrangement as is suggested by this business man, but the French have no capital of their own and they expected to carry out their promises by getting capital from America. Thus the French would have the main credit for putting the thing through, but America would be furnishing the substance, according to my informant.

This man sees no reason why America should not take over the affairs of this country, and, to use a business term, make of it a going concern. The French have been offering the Austrians the same sort of an arrangement as is suggested by this business man, but the French have no capital of their own and they expected to carry out their promises by getting capital from America. Thus the French would have the main credit for putting the thing through, but America would be furnishing the substance, according to my informant.

As indicated in an earlier dispatch, Italy is declared to be already at work trying to get the Austrians to agree to an arrangement as is suggested by this business man, but the French have no capital of their own and they expected to carry out their promises by getting capital from America. Thus the French would have the main credit for putting the thing through, but America would be furnishing the substance, according to my informant.

As indicated in an earlier dispatch, Italy is declared to be already at work trying to get the Austrians to agree to an arrangement as is suggested by this business man, but the French have no capital of their own and they expected to carry out their promises by getting capital from America. ## Here is the Crew of the Plane NC-4, Which Failed to Arrive at Halifax

Towed Into Chatham After Completing Half of First Lap of Trans-Atlantic Trip. From left to right the members of the crew of the hydroplane are Lieutenant-Commander E. N. L. Bellinger; pilot, Lieutenant-Commander M. A. Miescher; pilot, Lieutenant-Commander R. Christensen; radio operator, Lieut. H. Sadenwater; engineer, C. L. Kesler; reserve pilot, R. Christensen.

## GOVERNOR SIGNS BILL FOR ORPHANS.

WILL GRANT \$10 PER MONTH FOR SUPPORT OF THOSE WITHOUT PARENTS.

(BY A. P. NIGHT WIRE.)

SACRAMENTO, May 9.—A bill by Senator Nealon, increasing to \$10 per month the amount of State aid for orphans, half orphans and abandoned children, was signed today by Gov. William D. Stephens. This was the first large appropriation measure to "receive Executive approval."

Four panels each decorated with red, white and blue ribbons, were presented to the Governor by the bill. Senator Nealon said a pen each would be given to the Protestant, Catholic, Hebrew, orphan societies and to the United Charities.

Gov. Stephens, before signing the bill to Senator Nealon, Slater and Sharkey and others who were present, he "wished the State could have given the bill to the children of the State."

"It was impossible," he added, "because we haven't the money." He pointed out that the increase over the present amount of State aid was about 100 per cent, and that it made California "most liberal of all States" which give State aid to orphans.

Nealon expressed regret that the bill had not been passed during the session of the Legislature, and that the original appropriation of \$12,500 a month for the bill had been reduced to \$10,000.

He thanked the Governor for signing the bill. Assemblyman Polder, providing for the appointment of a high school teacher in elementary school districts, remote from a high school, was also signed.

Assemblywoman Darr's bill, providing for the registration of all minors in the State during the summer months, was also signed.

## PLANES LEAVE HALIFAX TODAY

(Continued from First Page.)

but mechanics expected to be able to make repairs quickly. The NC-4 was towed into Chatham Harbor by a motorboat from the Chatham Aviation Station, about 5:30 o'clock this morning.

NC-4 was first sighted by a guard at the station. The members of the crew of the seaplane reported that they were comfortable and that they had passed the night on a calm sea.

When sighted at daybreak, the NC-4 was trying to reach port under her own power. Seaplanes stationed here were immediately sent out to give any needed assistance, but the crew of the NC-4 signalled that all on board were safe and they had been able to make considerable progress during the night in the small sea.

### The Times Free Information Bureau 619 South Spring Street

THE TIMES FREE INFORMATION BUREAU is for the accommodation of persons seeking information regarding travel, desirable hotels and resorts, recreation and recuperation at the seashore or in the mountains. Particulars are furnished by competent attendants and by correspondence to the general public regarding rates and attractions of railroad and steamship lines, hotels and pleasure resorts. Photographs, descriptive circulars and transportation literature are kept on hand for inspection and distribution. Travelers can obtain here in a few minutes, without the delay incident to writing for it, all the information necessary for a safe and enjoyable journey or vacation. This service is absolutely free. Literature may also be obtained at the New Times Building, Broadway at First Street.

PERSONS CONTEMPLATING VISITING LOS ANGELES ARE PRIVILEGED TO HAVE THEIR MAIL ADDRESSED TO THE BUREAU.

#### Resorts

### The Hotel and Bungalows at Beverly Hills

AN IDEAL SUMMER RESORT, SITUATED MIDWAY BETWEEN LOS ANGELES AND THE SEA.

AMUSEMENTS: GOLF, TENNIS, BOWLING, SWIMMING, DANCING, SNAKES, HORSES. Beautiful grounds to ride over the beautiful southern hills.

### ARLINGTON HOTEL SANTA BARBARA

An absolutely fireproof hotel—All Outside Rooms, affording plenty of light and air—Headquarters for Tourists from all parts of the world. Private Lavatories in connection with all rooms. Ideal climate the year round. Automobile road is now perfect. 3 1/2 hours' run, Los Angeles to Santa Barbara. Unexcelled facilities for care of automobiles in hotel grounds.

H. P. DUNN, Lessee.

The Most Attractive and Sportiest Golf Links in California

### CAMP CURRY 1000 In YOSEMITE NATIONAL PARK

For Auto Road Maps, Folders and Reservations CALL AT CAMP CURRY OFFICE, 623 30.5 SPRING ST., 62757.

### SAN DIEGO

Personally Conducted Round Trip to Visiting the Missions at San Juan Capistrano and San Diego. The Caves at La Jolla; Camp Kearny, Ramona's Marriage Place, Tia Juana, Mesa, Coronado, etc. Further information please write for folder. G. M. Burbank, Manager, 1414 or at Auto Desk, Hotel Rossier.

### Hotel Virginia

AT THE BREAKFAST ROOM. Absolutely fireproof. American plan. Golf, Tennis, Dancing, Bathing, Center of social events. Lavish accommodations. Hotel atmosphere. Speed the week-end. Write for folder. G. M. Burbank, Manager, 1414 or at Auto Desk, Hotel Rossier.

### ORANGE EMPIRE \$3.50

Maximum Enjoyment—Minimum Expense. Illustrated Folder at P.E. Information Bureau.

### VENICE-FERULLO WORLD'S GREATEST BANDMASTER

DAILY CONCERTS—2:30 and 7:30 P.M.

### Los Angeles Hotels and Apartments

The Hotel Savoy. ON GRAND AT SIXTH. ABSOLUTELY FIREPROOF. ALL OUTSIDE ROOMS. OPENED JANUARY 1, 1918. TARIFF FROM \$1.50. UNDER THE MANAGEMENT OF JOHN A. TAYLOR, formerly of Hotel Savoy, Kansas City, Mo. M. F. GEORGE, Asst. Mgr.

### Steamships

STEAMSHIP HUMBOLDT, WHITE FLYER LINE. Sails Saturday, May 10th, for San Francisco. Rates: First class, \$12 and \$13.50. Round trip, \$20.00. Storage, 25¢. Berth and Meals included. 614 S. Spring St. Phone Main 27.

## Angels are Entirely Too Good for Pair of Seal Hurlers.

### SHORT GAME TO SERAPHS.

Beat the Tar Out of the Seals in Jig Time.

Rube Ellis Causes a Batch of Excitement.

Two Alleged Pitchers Fail to Stop Angels.

BY HARRY A. WILLIAMS.

Two clear days having enabled the Seals to rest clear of the marrow of the home athletes, they up and evened the series with San Francisco, 4 to 3.

The Angels gave further evidence of having come to life by putting on one of their old-fashioned tag-and-rallies, winning in the ninth. It was in this round that Rube Ellis put the kibosh on the Seals with a triple. Rube was scored by a pinch-hitter, who neither struck out nor made a hit, but compromised on a sacrifice fly.

VERY BRIEF.

It was one of the shortest games of the season. Ellis shortened it still further by not touching the home plate. To touch the plate takes time. However, the matter was quickly forgotten in the glad doings of today.

In addition to the regular patrons, the day was dedicated to the soldiers and sailors. Many of these attended as the guests of President Powers, and formed a ring of fighting faces around the arena. A couple of gobs climbed up to the press coop on the roof. Sailors are so accustomed to going aloft that they do it by instinct. A good many of the doughboys crouched in the ground boxes in front of the bleachers. These are all trenches, and it made them feel more at home.

President Powers is contemplating a number of dugouts to be erected just in front of these boxes, and will provide free periscopes to soldiers who desire to occupy them during the game.

DIDN'T HELP.

Charley Graham used two pitchers. However, one would have been sufficient to lose the game for him. Irving Kautlehner, a left-hander with the sublime movements of a jumping jack, was fresh as ever over his head. He was Kautlehner, spotted to a two-run lead by his mates, got along famously at first, not allowing a hit in four rounds. Then in the fifth he began putting on stuff that made Graham's judgment look punk. He passed some men and let others hit him, and the Angels went out in front by counting three in a lump. Before the end of this round, Kautlehner threw the ball over to Indian Smith, who seemed suspicious and examined it closely, evidently under the impression that it was loaded.

GOOD PROGRESS.

Smith got along all right with the ball for a time, and the Seals rectified the damage done to the department by trying in the sixth. This knot held until Ellis speared the Indian in the ninth.

Caveney and the fourth with a single, and Koerner sacrificed. Crandall's out put Caveney on third, and Connolly counted him with a double. Conn took third when Corhan singled infield, and Roy differed second. Brooks sent a bad hopper down to Driscoll, and he bounded from Paddy's chest for a strike. Connolly crowding and Corhan taking third. Corhan and Brooks thought some of making a double steal, but were scared back to their respective bases by Kautlehner. Recovering from their fright, they tried it again, or once too often, and Corhan was nailed at the plate, Lapan to Kautlehner, and back again.

RUBE AGAIN.

Incidentally, it was Ellis who generated the first Angel rally as well as the last. Rube blasted open the fifth with a safety, and Kautlehner passed Driscoll. Haney knocked a short fly into neutral territory between Connolly and Kautlehner, which looked like it might be caught, but wasn't. Hunter grabbed the pill on the first bound, and almost forced Ellis at third. Rube having hurried second as a safety first measure until he saw what became of the ball.

NEW PLAYERS COMING HERE.

Both local clubs are being strengthened. P. H. Halbritter, business manager of the Tigers, announced that Smith, night that Bob Fisher, purchased from St. Louis, will report for duty Saturday. The Angels yesterday signed Bert Niehoff to play third base. Kenworthy, when his leg is in shape, will be placed at second, and any Kautlehner will go to the outfield.

SOME BLOW.

Rube's throw in the ninth was a blow to the Angels. It was a throw that the ball was aimed there. The San Francisco infield then held a convention about the Indians. Smith at first thought that it wasn't a convention at all but a corner's jury. However, there was done except the handing out of advice that Smith didn't care to hear, and the convention members adjourned to their respective offices without anything being done. Driscoll failed to Hunter, and the fly was too short for Ellis to score. Koepke Kenworthy was then called in to bat for Fred Haney. This is getting to be Kenworthy's regular job. It's a full, drab, uninteresting day when Koepke doesn't bat for Fred. This is a good and equitable arrangement. There have been some disagreements between Fred and Koepke, and Koepke has been called in to bat for Fred. By this arrangement they should be able to lighten their careers.

Koepke drove a fly to Fitzgerald, and Ellis was off for the plate as soon as he patted the ball. He was off for the plate as soon as he patted the ball. He was off for the plate as soon as he patted the ball.

LOS ANGELES.

### HERB BRENTON BEATS TIGERS.

One Run in the Ninth Ruins Wheeler Dell.

Sammy Bohne Comes Across with the Tally.

Johnny Mitchell Drives the Vernor Runs In.

(EXCLUSIVE DISPATCH.)

SAN FRANCISCO, May 9.—The Oaks and the Tigers may be class B or class Q teams, as some of the boys claim, but you gotta hand it to them for putting up some nifty baseball in this series. The game here last Wednesday and the one here yesterday were both as tight as a drum, and if any of the so-called class teams can do any better work they have not started.

On the chore here yet this year. The Oaks won 3 to 2, today, but did not show the class of the previous year. There was one man out in the ninth inning.

It was Sammy Bohne, who skidded across the plate with the winning tally in the ninth. Sammy was very much to the bad; so when he showed the class of the previous year, he was very much to the bad; so when he showed the class of the previous year, he was very much to the bad.

Herb Brenton surprised himself by winning a game in San Francisco. When he was with Portland he was a very husky pitcher, and he was a very husky pitcher, and he was a very husky pitcher.

Little Johnny Mitchell does not look to be very husky with the hickory, but he battled in both runs made by Vernor. His pop fly fell into the hands of the Seals, and he was a very husky pitcher, and he was a very husky pitcher, and he was a very husky pitcher.

Brenton made his Bobby Meusel look bad. His first two trips to the plate blowing across the front of the Seals, but he did not control it in the third, and passed both Brenton and the third and sent De Vorne, for Denie Willie moved both runners along with a well-placed bunt, and then Capt. Remond Murphy put on his specialty of hitting in a pinch and drove both runners home.

That one crack put the Seals in front, and they stayed there until the seventh when the Fatlys bunched a double and one out, yet got only one run. Hoop was first up, and he doubled. Edginton bunted and Murphy and Brenton stood over the ball, waiting for it to roll foul. It stayed inside and Edginton got a cheap hit. De Vorne hit to stump for then Hoop out at the plate. Dell went out to the left field, and the hit Ramrod Murphy made in the eighth was wasted, for De Vorne easily flagged him trying to steal second.

When Dell tossed out Miller to open the last of the ninth it looked like extra innings sure, for until that time Sammy Bohne had shown no strength with the war club. Sammy fooled around until the count was three and two on him, and then he shot a swift one right over first base. It was close, but the Seals were out.

Lincoln blows up in eighth inning.

Padena High School moved one notch nearer the pennant yesterday by defeating Lincoln High School on the Crown City diamond. The score was 2 to 1. This makes the fourth straight victory for the Padena lads, and gives them a long lead over their opponents in the race for the city and county league bunting.

Lincoln's nine played championship baseball for seven innings, but was unable to stand up under the strain. With the count 2 and 2, the Padena lads proceeded to hand the game to Padena, with the help of numerous errors. The victors scored a quartette of runs in this inning and, clinched the game.

PUEBLO WALLEPS EL MONTE NINE.

Pueblo defeated El Monte High School on the latter's diamond yesterday afternoon, in a fast game that ended 4 and 3. Robbing the victorious pitcher, held his opponents hitless, but poor support allowed a few passed men to navigate the bases.

### ALECK LOSES TO THE REDS.

Team Mates Unable to Make a Run for Him.

Almost Does the Job Himself with a Single.

Heinie Groh Scores Lone Run in the Eighth.

(EXCLUSIVE DISPATCH.)

CHICAGO, May 9.—Grover Cleveland Alexander did his part nicely today in his first game since he quit chasing Huns over the Rhine, but his mates could not help him any, and the Reds trimmed him in a scoring pitchers' battle, with Ray Fisher winning out. All Alex needs to do is to pitch all summer as he did in his first contest and he'll win many a game for the Northlanders.

LACK OF CONTROL.

The big fellow wasn't quite up to his old-time standard, but seemed to lack nothing except control. He walked five batters, and it was one of those walks that was turned into the lone tally. He seemed to have the old curve ball working, and about 90 per cent. of his old-time speed. Another week of training and the great slab star should be right back to his form of 1917 and preceding years.

Failure to follow up three splendid openings cost the Cubs the game, but the veteran, Mr. Fisher, was splendid in the tight places, and made him famous and in the home. Two walks in the eighth and one in the sixth put him in the lead, but on each of these he hurried himself out with a temporary strike.

LOOKS GOOD.

At times he looked as if he were about to get the ball over for a home run, but he was unable to get a question of how long he would stay on the mound.

But in the eighth Alex got the ball over for a home run, and the latter walked after him, and the call of three and two.

(Continued on Fifth Page.)

A NEAR SCORE.

Twice runs were out off at the plate, and once with Dell on second, and only one out. Aleck himself delivered a screaming strike to the catcher, and he was a very husky pitcher, and he was a very husky pitcher, and he was a very husky pitcher.

Swatting a ball over the fence, but it was a very husky pitcher, and he was a very husky pitcher, and he was a very husky pitcher.

Swatting a ball over the fence, but it was a very husky pitcher, and he was a very husky pitcher, and he was a very husky pitcher.

### NEW PLAYERS COMING HERE.

Both local clubs are being strengthened. P. H. Halbritter, business manager of the Tigers, announced that Smith, night that Bob Fisher, purchased from St. Louis, will report for duty Saturday. The Angels yesterday signed Bert Niehoff to play third base. Kenworthy, when his leg is in shape, will be placed at second, and any Kautlehner will go to the outfield.

SOME BLOW.

Rube's throw in the ninth was a blow to the Angels. It was a throw that the ball was aimed there. The San Francisco infield then held a convention about the Indians. Smith at first thought that it wasn't a convention at all but a corner's jury. However, there was done except the handing out of advice that Smith didn't care to hear, and the convention members adjourned to their respective offices without anything being done. Driscoll failed to Hunter, and the fly was too short for Ellis to score. Koepke Kenworthy was then called in to bat for Fred Haney.

They are all just alike.

Several times each day our chemists go into the mills and test Globe A-1 Flour with both chemical and physical tests; daily we actually take bread out of the output of Globe A-1 Flour. Many millers do not do this; why do we do it? To insure uniform goodness in Globe A-1 Flour—to make one sack of Globe A-1 Flour the exact equal in quality of every other sack; to make Globe A-1 Flour dependable in your kitchen.

Always the same good flour.

## Here Is One Thing That Is Absolutely Impossible

Rheumatism Has Never Been Cured by Liniments or Lotions, and Never Will Be.

You never knew of Rheumatism—the most painful source of suffering—being cured by liniments, lotions or other external applications. And you will never see anything but temporary relief afforded by such makeshifts.

But why be satisfied with temporary relief from the pangs of pain which are sure to return with increased severity, when there is permanent relief within your reach? Science has proven that Rheumatism is a disordered condition of the blood. Now then, can satisfactory results be expected from any treatment that does not reach the blood, the seat of the trouble, and rid the system of the cause of the disease? S. S. S. is one blood remedy that has for more than fifty years been giving relief to even the most aggravated and stubborn cases of Rheumatism. It cleanses and purifies the blood by routing out all traces of disease. The experience of others who have taken S. S. S. will convince you that it will promptly reach your case. You can obtain this valuable remedy at any drug store.

A valuable book on Rheumatism and its treatment, together with expert medical advice about your individual case, will be sent absolutely free. Write today to Medical Department, Swift Specific Co., 250 Swift Laboratory, Atlanta, Ga.

## PERSHING SQUARE or UNION SQUARE which?

There's a Cannon, Californians, that was captured "Over There!" Shall it go to San Francisco or be placed in "Pershing Square?" 'Tis a Monument eternal that will stand for *Hearts of Gold*—It was captured from the German's by *Men Forever Bold*!

There's a reason, Californians, why this Cannon should be won! It will show "The Angel City" did her part to down the Hun—it will Prove Our PATRIOTISM and Our LOYALTY, as well—that LOS ANGELES is the City where *True Patriots* do dwell! (Courtesy G. Herb Palis)

## LOS ANGELES YOUR ANSWER TODAY! MUST BE

A German cannon, captured by our own boys, will be awarded to either Los Angeles or San Francisco. It will be a monument when placed in Pershing Square or Union Square, San Francisco, that will always brand that city as the city in California that finished the JOB. It will be the memory that will remain permanently when all other records are forgotten. Los Angeles cannot stop—she must be able to point to the cannon in Pershing Square. It never must be said that Los Angeles stopped before she completed her war duty. Your answer must be today, and it must be "Over the Top" for our City.

## RESIGNATIONS ARE ACCEPTED.

Industrial Board Quits When Steel Agreement Fails.

Government Efforts at Price Stabilizing are Ended.

Natural Forces of Supply and Demand to Operate.

(BY A. P. MONT WIRE)

WASHINGTON, May 9.—Government efforts to hasten the return of industry to normal peace-time activity, by stabilizing prices through the industrial board of the Department of Commerce, ended today.

Following a final unsuccessful effort to bring the Railroad Administration and steel producers to an agreement on price yesterday in New York, the resignations of the board members were accepted by Secretary Redfield. The resignation, tendered April 23, when the Railroad Administration first refused to accept reduced steel prices arranged by the board on the ground that they were too high, had been held in abeyance until Mr. Redfield was satisfied the board had exhausted every effort to stimulate an industrial revival through satisfying the largest purchaser of material in the country.

With dissolution of the board, the natural forces of supply and demand will be left to readjust prices. Director-General Elmer announced yesterday the Railroad Administration would return to the old system of competitive bidding in placing orders.

MAY NOT KEEP PRICE.

Government officials declared they did not know whether the steel producers would keep in force the price schedule approved by the industrial board and which was the basis of all his recently submitted for 24,000 tons of steel needed by the navy. It became known that when the legality of the price agreement arranged by the board was submitted to Attorney-General Palmer, he rendered an opinion that such action was not authorized by law, but did not declare it would be illegal. Other officials held the purely voluntary nature of new price schedules, arranged by a board which admittedly was without power, to enforce the price and seeking merely to stimulate business by effecting reductions, put the agreements without the pale of the Sherman law.

The steel schedule was the only one promulgated by the board, which was appointed in March. Representatives of four other industries—coal, cement, hardware and pins—had expressed a willingness to co-operate with the board, and conference looking to price reductions had been held.

BOUGHT MERELY TO SERVE.

In announcing his acceptance of the resignations of the board members, Mr. Redfield made this statement: "That board was conceived in the spirit of the war emergency and has so acted from the beginning. I repeat what was said yesterday: there has been no change in its viewpoint, policy or attitude from the beginning. No statement nor inference to the contrary has a basis of fact."

## CANANEA RAID BY VILLA BAND.

(Continued from First Page)

Mexican smugglers seven miles southeast of Laredo last night, Hill, of the Texas health service, and Jose Valdes, an alleged smuggler, were wounded. Valdes is not expected to live.

A party of two, May 9.—Brigadier General, three immigration inspectors, including Hopkins and the Texas health officer, while on patrol duty on the river at 10 o'clock last night, encountered the four Mexicans, who had just landed on the American side. When called upon to halt the Mexicans opened fire with rifles and revolvers. Hopkins was mortally wounded and died within a short time. The Americans returned the fire, killing three of the Mexicans and wounding Valdes. Hill's wound is not considered serious.

## LEGION SCORES CHICAGO MAYOR

Refuses to Meet in City of "Big Bill" Thompson.

Sidesteps Prohibition and the National Guard.

Decides on Minneapolis for Next Convention.

(BY A. P. MONT WIRE)

ST. LOUIS, May 9.—Efforts on the part of leaders in the American Legion to prevent questions considered of a political nature coming to a vote in the caucus, a vigorous attack on the patriotism of Chicago and its Mayor, William Hale Thompson, and selection of Minneapolis as the next convention city, were among developments in today's session of the soldiers' sailors' and marines' organization, holding its first national caucus here.

For the time being, at least, the question of the caucus' attitude on prohibition and on the charges of National Guard officers that they have been discriminating against in favor of Regular Army men, was set aside. The prohibition question was killed in a special meeting of the National Resolutions Committee late today, and the National Guard question also was laid aside temporarily.

The move is understood to have the backing of Lieut. Col. Theodore Roosevelt, Col. Bennett Clark and others.

Backers of resolutions regarding the questions insist they will force the caucus to take some action, but are meeting with firm opposition.

An attack against voting on prohibition was led in the committee meeting by West Virginia and Kentucky.

Chicago and Mayor Thompson were denounced bitterly as unpatriotic when the question of the next convention city came up. The Chicago delegation had decorated the convention hall with signs boasting that Chicago was the "City of the Future," but after a speech by J. J. Herbert of Massachusetts, delegates tore down many of them.

The hall is placarded by signs saying "Chicago is the City of the Future," but after a speech by J. J. Herbert of Massachusetts, delegates tore down many of them.

DEAR FOLKS

I AM a great believer

the principle of prov-

one's statements. There

are some people, you know

who question the value of

\$20 gold piece. Therefore

they seek some expert to

test its value.

I have been telling you

about the Wilson & Co.

Certified Ham and Bacon

—and I have not the slight-

est doubt that many of you

have already made a satis-

factory test of their excel-

lent quality—but I thought

I would try an experiment

the other evening.

I bought a Wilson Cer-

tified Ham and had it cooked

dinner. I invited sev-

er friends to take dinner

me. I did not tell them

they were being served

with a Wilson Cer-

tified Ham. I did not ask

how they liked it. I

thought it had been cooked

right and I think I know

how to slice ham as well

as anybody. I waited to

expressions of opinion from

my guests.

One—a young lady who

is a secretary to the Na-

tional Honor Guard of the

Salmon Army, started the

rolling by remarking to

daughter: "Why, Eleanor,

where did you buy that

ham? It is the most deli-

cious I ever ate."

Then another guest, who

is a Y.M.C.A. secretary,

stood up and said: "Isn't

this wonderful? Why, it

is in your mouth, and what

delightful flavor it has."

And so it went, all around

the table. Everybody ex-

pressed very favorable opin-

ions to the quality and taste

of the ham. You know a

Wilson & Co. Cer-

tified Ham is big enough

to serve many people. There

are several people as guests

at a couple of them

golfers, with very keen ap-

petites, yet there was enough

left to serve a couple of hun-

dred to several people.

When I told my guests

that they had been served

with a Wilson & Co. Cer-

tified Ham, they said to me:

"We blame you for being so

enthusiastic about the quality

of foods prepared by that

company. They certainly make

good claims about them."

Then they asked me a

lot of questions about my

experience with the Wilson

& Co. organization, which I

answered, but they were

interested in a story I told

about the Good Fellowship

Clubs which have been

organized in the Wilson & Co.

plant.

A recent experience with

Fellowship Club members

in New York plant gave me

the opportunity to tell them

how wonderful workers are

and how they work to-

gether for their own

benefit, as well as for the

benefit of the business.

The New York Fellow-

ship Club was just getting

under way and they elected

me their President. There

are many other workers

in New York or any other

place who are on the same

platform of brother-

hood and sisterhood.

One of the incidents of the

New York Fellowship Club

was the visit of the Wilson

& Co. to the plant. The

visit was a success and

MIDDLE WEST NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

MINNEAPOLIS, May 9.—The One Hundred and Fifty-first Field Artillery, fired from the two-day celebration in the Twin Cities, pulled out of Minneapolis today for Camp Dodge where they will be discharged.

Wheat and flour prices are falling rapidly in Minneapolis as a result of Justice Barner's recent threat that wheat prices must come down immediately.

Thirteen apartments were robbed yesterday while the owners were downstairs watching the One Hundred and Fifty-first parade.

Evidence of startling conditions in the Minneapolis underworld given at the trial of William J. Finn, special dance hall policeman, today caused Judge Holtzman to announce that he would waive the Chief of Police and the sheriff to exercise greater care in picking their special officers.

He also said the grand jury should look into conditions.

THE PAULI (EXCLUSIVE DISPATCH.) ST. PAUL, Minn., May 9.—Henry Clevett, member of the One Hundred and Fifty-first Field Artillery who arrived yesterday, was the only member of the regiment to be discharged today.

Charles Roosevelt's memory is to be honored by a group of friends to be planted at the west end of Summit avenue by the boy scouts of the city.

Thieves obtained \$1000 worth of jewelry in a daylight robbery at the store of Henry Jacks today when they smashed a window and fled with a tray of rings.

INDIANAPOLIS, May 9.—The population of Indianapolis has increased nearly 7000 during the last year, according to estimates made by R. L. Folk and Company, compilers of the city directory.

City civil engineer Clarence today started work on plans for the proposed municipal yard at Kentucky avenue and Drexler street, where all waste work for the various departments is to be done.

These members of the State board of education include one woman, appointed by Gov. Goodrich today. The new woman member of the board is Mrs. E. E. O'Connell of Chicago.

THE MILWAUKEE (EXCLUSIVE DISPATCH.) MILWAUKEE, May 9.—Milwaukee went down the top in the Victory drive, topping its quota by \$1 per cent. The total subscribed was \$86,741.75.

"Downer college girls are too sensible to wear light skirts," said one Milwaukee woman today. "They care too much for freedom, comfort and good sense to follow extreme fashions."

The Milwaukee County board of supervisors today arrived late for a session because of the hobnobbing.

Joseph Carver and William Bluff have announced their candidacy for Congress from the fifth district in the election that "Victory" is expected to be the house of representatives.

Gov. Philip arrived today from New York, where he spent a week welcoming Wisconsin boys to the thirty-second division.

A fund has been organized to bring the Chicago Symphony Orchestra to Milwaukee for a period of five years. The plan was adopted at a meeting of the Milwaukee Orchestra Association.

OMAHA, (EXCLUSIVE DISPATCH.) OMAHA, May 9.—George Johnson today suddenly went insane and ran amok at sixteenth and Grace streets. Using a big dish he badly injured one woman and two men. The police finally captured him.

Dodge-street grading struck a hole today which caused a woman to fall. She was taken to the hospital.

DETROIT, (EXCLUSIVE DISPATCH.) DETROIT, May 9.—Mrs. Charles F. Hammond, head of the cadets of the Red Cross, arrived in Detroit today from New York, where she had been by request of Mayor Cullen.

Mrs. Hammond was injured in an automobile accident in New York and doctors ordered her return.

DETROIT, May 9.—One of the most widely-known automobile engineers in the world, and at present vice-president and assistant general manager of the Cadillac Motor Car Company, resigned his position, to take effect June 1.

CLASSIFIED INDEX.

(EXCLUSIVE DISPATCH.)

Thieves stole \$1000 in cash and goods from the Arthur Clothing Company at Fort Dodge.

Lieut. Col. Donald MacLean of Council Bluffs, Iowa, returned from overseas with Unit K, was elected president of the Iowa State Medical Society at its state convention in Des Moines.

The convention closed next year.

Oliver P. Newman, who reached Des Moines today from overseas, said that the Germans will sign the treaty.

His daughter, Margaret Wilson, daughter of the President, on an entertainment tour of "I" camps in Europe.

COLORADO TO PRODUCE LARGEST WHEAT CROP.

DENVER, May 9.—Colorado will produce 15,000,000 bushels of wheat this year, the largest crop in its history, according to forecast of Colorado co-operative crop reporting service, published today, showing an increase of 1,000,000 bushels production from the forecast of one month ago and a winter wheat production of 2,000,000 bushels more than the record crop of 1917.

The report stated that the crop condition was good over most of the state, with 100 per cent, a month ago, and 92 per cent, eight months ago.

MINNEAPOLIS (Minn.), May 9.—Frank L. Carey, second vice-president of the United States Grain Corporation, will leave for Winnipeg Monday to purchase wheat for resale to millers in the Northwest.

He was announced here today. Mr. Carey said the amount purchased "would not be large," and would depend upon surveys which are being made.

The resale wheat will be sold to millers for export until the 1919 crop is harvested.

Carey said the sale price by the government will be figured "on a strictly cost basis."

Minnesota grain men were quoted here today as estimating the government's impending purchase at Winnipeg at about 1,000,000 bushels.

STREET-CAR MEN MAY LEAVE CARS STANDING.

BUSINESS AGENT OF THE UNION SUGGESTS THEY WORK ON AT EIGHT HOURS.

SEATTLE, May 9.—Possibility that Seattle's street-car men may decide on an eight-hour limit for their working day and leave the cars wherever they happen to be when the eight hours is completed, was suggested this afternoon by J. A. Stephenson, business agent of the union as a result of the attitude of the United Commercial Workers' Council this morning.

The question of overtime pay for the street-car men was before the committee again this morning, but the committee decided to "put the matter over until budget time."

This is to be the Council's attitude, said Stephenson later in the afternoon, and it considers eight hours as the legal day's work for city employees.

The men may consider working eight hours and quitting wherever they happen to be when the time is up.

The men are taking no action at the moment, but are waiting for the ordinance authorizing a utility and leave to provide for the track connections, extensions and improvements in the municipal railway.

It is costing the city \$500 a day, according to Stephenson, and which are authorized in the bond ordinance, says Stephenson.

With the changes proposed and which are authorized in the bond ordinance, says Stephenson, the cost will be improved and operating costs cut off \$500 a day.

SPECIAL NOTICES.

OMSK GOVERNMENT  
TO BE RECOGNIZED  
ANNOUNCEMENT BY ALLIES AND  
UNITED STATES EXPECTED  
IN PARIS AT ONCE.

(BY CABLE AND ASSOCIATED PRESS)  
PARIS, Thursday, May 8.—The  
movement for the recognition of the  
government of Admiral Kolchak at  
Omsk by the Allies and the United  
States as the de facto government of  
Russia is supported so generally in  
Paris that announcement of such  
action may be only a matter of time.

President Tschirakowsky of the  
Northern Russian government at  
Archangel, has consented to re-  
cognize the Kolchak government, and  
the Russian government of Russia  
on condition that the Allies and  
other local organizations are per-  
mitted to retain control of local af-  
fairs.

Similar action is expected on the  
part of Gen. Deniskin, the head of  
the Cosack government at Ekaterin-  
odar, whose advisers in Paris have  
recommended it.

The latest dispatches received  
by the Russian committee in Paris,  
Samara, an important point on the  
Volga, have been evacuated by the  
Bolsheviks. The Russian patriots  
are moving rapidly toward the  
Volga, in pursuit of the retreating  
Bolsheviks.

Former Premier Kerensky, who is  
in Paris, opposes the government of  
Admiral Kolchak, but the great prom-  
ised of a constitutional assembly  
apparently have satisfied  
many of the Russian radicals in  
Paris.

It appears probable Admiral Kol-  
chak will be recognized by the great pow-  
ers to restore his program after  
recognition is granted.

STATEMENT IS ISSUED.  
WASHINGTON, May 8.—The  
strength of the Omsk government  
has reached such a stage that a  
formal statement of recognition by  
the United States and Great Britain  
Ughet, charge d'affaires ad interim of  
the embassy, begins.

The Russian patriots and  
democrats have been waiting for  
during long months has come at  
last.

The statement indicates that the  
details of the establishment of the  
Omsk government are being com-  
pleted.

Thanks are given to the United  
States and the Allied nations for  
their assistance given to the government,  
and especially to the Czech-Bolshevik  
republic, whose soldiers stemmed the  
flood of Bolshevism at the most crit-  
ical time before the Omsk govern-  
ment was established.

"Russia is coming back to life,"  
concludes the statement, "and the  
new state of Russia is being re-  
organized state, built on broad demo-  
cratic principles, with equality be-  
tween all, and a very great and na-  
tionalistic. Russia is coming back  
to life, and the new state of Russia  
social and national principles will be  
steered through the all-Russian com-  
mittee."

Admiral Kolchak, says the state-  
ment, in an address recently at  
Omsk, said that the aim of the  
government, said its first task  
was to re-establish the rule of law  
and order, and to restore the govern-  
ment, which it would fight without  
any possibility of compromise.

The Liberal and Socialist forces  
of the Omsk government have united  
around the government, and the  
municipalities, Zemstva, co-opera-  
tive organizations and many other  
public bodies, the Omsk government  
is re-establishing the rule of law  
and order, and to restore the govern-  
ment, which it would fight without  
any possibility of compromise.

The staff of the Siberian army is  
in constant communication with the  
staff of the Omsk government, and  
the volunteer army in the south of  
Udenich's army. The victorious  
movement of Admiral Kolchak's  
army is being accomplished in the  
most rapid and efficient manner  
attainable in the new state of  
Russia.

At the Request of the Victory Loan Committee the Banks Have Authorized the Following Statement

## When you have bought to the limit of your cash resources use your credit at the bank to increase your subscription to the Victory Loan

The undersigned Los Angeles banks, in order to assist the public to purchase notes of the Victory Loan to the utmost of each subscriber's ability, have pledged themselves to make loans freely upon security of the notes subscribed through them at an interest rate of 4½ per cent for six months from date of note, the loans to be made on 90 per cent of subscription on the subscriber's ninety-day note with one renewal of equal length.

Go to your bank today and borrow—and invest in the Victory Loan to the full limit of your ability!

Bank of Italy.  
California Savings & Commercial Bank.  
Citizens National Bank of Los Angeles.  
Citizens Trust and Savings Bank.  
Commercial National Bank of Los Angeles.  
Continental National Bank.  
Farmers and Merchants National Bank.  
First National Bank of Los Angeles.  
Hellman Commercial Trust & Savings Bank.

Guaranty Trust & Savings Bank.  
Hibernian Savings Bank.  
Home Savings Bank.  
Los Angeles Trust & Savings Bank.  
Merchants National Bank.  
Security National Bank of Los Angeles.  
Security Trust & Savings Bank.  
United States National Bank.  
Union Bank & Trust Company.

The interest rate of 4½ per cent is the same as the subscriber may obtain on his notes.

We have taken this action in order that each possible subscriber, even though without sufficient funds now available, may make an adequate subscription.

These loans will not interfere with the borrower's customary line of credit.

### Branches of Complicated Family

Mrs. Lucy Pearl Mabry (left) and Lillian P. Mabry

### LABYRINTH OF RELATIONSHIP.

(Continued from First Page.)

Mabry's wife, to her husband's half sister, Attorney Scott explained. His mother and her mother are sisters; he is his wife's first cousin. After explaining this, Lillian P. Mabry, Lucy Pearl Mabry's sister, was called as a witness to corroborate the blood relationship between husband and wife. William Rolfe Mabry was not present in court. He wrote his wife a letter, which was read in court, in which he said: "Knowing that you no longer appreciate hearing from me, I have applied for a divorce in Phoenix. I want to know if you are going to appear before me in this case. If you don't the divorce will be granted me in sixty days. If you do, we will just have to fight it out." Judge Crall poked his brow after the evidence was in and said he would ponder over the decision in chambers, which he did until late afternoon when he granted Mrs. Mabry the annulment she sought.

### VESSEL MOVEMENTS.

Customs Report Shows Ocean Trade Here and at San Diego.

The April report of Collector of Customs Elliott shows the movements of vessels in and out of the local ports as follows: Coastwise—Los Angeles—entered, thirty-one steamers, crews, 1818; net tons, 41,514; cleared, twenty-four steamers, crews, 1650; net tons, 38,124. San Diego—entered, eight steamers, crews, 746; net tons, 19,208; cleared, four steamers, crews, 454; net tons, 12,497.

Noncontiguous, coastwise—Los Angeles—entered, three steamers, crews, eighty-three; net tons, 11,944; cleared, six steamers, crews, 143; net tons, 14,978. Foreign—Los Angeles—entered, seventeen steamers, consisting of twelve American, four British and one Japanese, with crews of 12,275, and tonnage of 13,374; cleared, nineteen steamers, consisting of fourteen American, two British, one Japanese and two Portuguese, with crews of 378, and a tonnage of 11,828. San Diego—entered, twenty-eight steamers, consisting of eighteen American, three British, one Italian and six Japanese, with crews of 181, and tonnage of 489; cleared, thirty-four steamers, consisting of twenty-one American, two British, three Italian and six Japanese, with crews of thirty-four, and tonnage of 740.

Of the imports, amounting to \$446,446, \$171,315 were free of duty and \$275,131 dutiable.

### FOR NEGLECTING CHILD.

Woman Arrested When Eleven-year-old was Found Locked Out.

Charged with contributing to the delinquency of her 11-year-old daughter, Mrs. Juliette Heinley, 35 years old, of 1118 Van Ness avenue, was taken into custody yesterday by officers from the police juvenile bureau. The officers at the same time arrested M. C. Stewart, a druggist who is said to have been found in the Heinley home.

According to the officers, the arrest of Mrs. Heinley and Stewart was the outcome of a gay party held in the Heinley residence. Dorothy, the 11-year-old daughter, according to the authorities, was placed in the care of neighbors, who complained to the police when the child found herself locked out of her home yesterday.

### ALLEGED CRUELTY.

"I gave up everything for him," declared Mrs. Edith Marjorie Blaser to Judge Crall yesterday during the trial of her divorce suit against Milton Edward Blaser, proprietor of the Rubenart apartments. She charged her husband with cruelty and enumerated numerous instances of alleged cruel acts. One of these was his accusation that she flirted with other men. This she indignantly denied.

### WOMAN LOSES SUIT.

Judge Valentine yesterday decided against Marie Woodworth in her suit for \$10,500 damages against R. Campbell, proprietor of a motion picture theater. She charged that she stumbled over an obstruction while walking down the aisle of the darkened theater and was injured.

ANGELINO REPORTED DEAD. R. Morgan of Los Angeles is among the names made public in the Canadian casualty lists yesterday at Ottawa. He is reported as having died in service, and is supposed to have been a Los Angeles man who enlisted in the Canadian forces. The address of Morgan's Los Angeles relatives are not given.

DENIES REPORT. Gomer Williams, defeated candidate for the Mayoralty nomination, denied last night published reports that he has promised his support to either of the nominees in the race. He may issue a statement later.

## TO COMBINE CELEBRATIONS

### Southland's Military Review and Peace Jubilee Planned Together.

Probability that the proposed Independence Day pageant of Southern California's returned soldiers and war workers will be held in conjunction with the great Peace Jubilee to be proclaimed by President Wilson after the peace treaty has been signed loomed large yesterday.

The plan to have all the service men and war workers in Southern California participate in a significant celebration on July 4 appeared to be well received yesterday. Col. Beecher B. Ray, chairman of the Welcome Home Committee, said the plan will unquestionably be carried out. "The only question to settle is that of a suitable date," he said. "In order to make it the one biggest semicentennial spectacle in the history of Los Angeles we must avoid conflicting with other events, such as Rickenbacker Day, Rainbow Division Day, and others which may spring up in the meantime."

"It seems to me that it would be splendid to have Eddie Rickenbacker here on the Fourth of July, but we have not yet been able to ascertain just what day he can be here. It seems likely he will come about the middle of June. Then there is the Peace Jubilee date yet to be set by President Wilson. We hope he will choose July Fourth for the Peace Jubilee. Plans for a great parade will be shaped shortly."

The Chamber of Commerce yesterday named the committee which is to be in charge of the aerial circus at Arcadia on Memorial Day. This event will be staged to raise funds with which to finance the Peace Day Jubilee. Wait L. Moreland, chairman of the League of Community Interest, is to work with a committee consisting of Chairman H. R. Woodill, M. H. Whittier, E. H. Bagby and Col. Ray in shaping plans for the circus.

One of the big ideas for the Peace Day Jubilee, as outlined by Mr. Moreland, is that every nationality in Los Angeles which was vitally interested in the Allied cause will be given representation in a parade division, and that all service men as well as all those who materially assisted in winning the war shall take part in the parade. It is expected that from 50,000 to 75,000 will appear in the procession. Col. L. J. Mygatt, commander of the Arcadia Balloon School, is assisting the Chamber of Commerce in making plans for the fund-raising circus on Memorial Day.

## MORE FIGHTERS HERE TUESDAY.

Hundred and Twenty, Mostly Eighteenth Engineers, Due to Arrive.

Col. B. B. Ray of the Soldiers' and Sailors' Welfare Commission received a telegram yesterday that men of the Eighteenth Engineers, and casuals, 121 overseas soldiers in all, will arrive from the East next Tuesday on the Southern Pacific on their way to Camp Kearney for demobilization. The offices of the commission are now in the north annex of City Hall, instead of on the third floor of City Hall, where Col. Ray and his assistants give to soldiers and their relatives information, as to allowances, insurance, etc., while in the same room is located the bureau in charge of Chairman E. H. Bagby, which is daily placing scores of returned service men in jobs.

## MARKS EXPLAINS HIS SIDE OF LAND DEAL.

REALTY MAN INFORMS GRAND JURY OF DEAL INVOLVING STOCK.

Benjamin W. Marks, local real estate operator, whose indictment by the 1918 grand jury was returned to the 1918 body for consideration, was a witness yesterday before the jury. Marks was indicted December 10 on charges of embezzlement and obtaining money under false pretenses. When the indictment came before Judge Craig, it was declared faulty and sent back to the grand jury. It was alleged that he defrauded C. H. Roberts, vice-president of the Avery Company, manufacturers of threshing machines at Peoria, Ill., out of 200 shares of stock in that company, valued at \$10,000, in a trade for 500 shares of stock in the United Farms Company.

Marks asserted that the exchange was in conformity with law, and that he had carried out his part of an agreement. It was said that yesterday he explained his side of the affair to the Fourth of July, but was not yet been able to ascertain just what day he can be here. It seems likely he will come about the middle of June. Then there is the Peace Jubilee date yet to be set by President Wilson. We hope he will choose July Fourth for the Peace Jubilee. Plans for a great parade will be shaped shortly."

## SELLS BLOCK IN EAST.

Wife of Los Angeles Man Disposes of Property in Syracuse.

A real estate transaction involving the transfer of valuable business property in Syracuse, N. Y., known as the Aldrich Block, owned by Mrs. Arthur R. Peck, wife of A. R. Peck, president of the Anaheim Sugar Company of Los Angeles, was completed yesterday, according to a dispatch from that city and confirmed here by Mrs. Peck. The purchaser is said to be H. L. Bowles, head of a chain of restaurants in Baltimore, Md.

The property formed a part of Mrs. Peck's personal estate and is said to be one of the most valuable in the business district of Syracuse. Mr. and Mrs. Peck live at the Los Angeles County Club.

## KAFITZ CASE TO GO TO THE JURY.

Motion for Nonsuit is Denied by the Court.

Judge, However, has Doubt of Will Contest Merit.

Minister Tells of Pipe Organ Given to Church.

"I am strongly inclined to think that the court would be warranted under the law in granting this motion. Nevertheless, I have certain doubts which are pretty substantial. I think, under such a situation, it is the duty of the trial judge to resolve those doubts in favor of the plaintiff and deny the motion."

Judge Myers yesterday made this statement after listening to arguments from Oscar Lawler and S. L. Murphy for a nonsuit in the Kafitz case, on trial before a jury in his department. Ten of the jurors are women.

It was argued that the evidence was not sufficient to warrant the submission of the case to the jury. The court decided to let the jury pass on it.

The first witness for the heirs, who are offering the will of William Kafitz for probate, was Rev. J. M. Schaefer, pastor of the Pico Congregational Church. He said he had known Mr. Kafitz for a long time. Mr. Kafitz had come to him, he said, after his first wife and two sons had died, and put in the church a \$3000 pipe organ. The pipe organ displaced the piano used in the church.

Mr. Kafitz, the witness testified, pointed out that the German church, in Chicago, and churches in Germany always use pipe organs. Considering pianos moved too much for concert halls. The pipe organ, given to the Congregational Church was a memorial for Mrs. Kafitz. The witness considered Mr. Kafitz an emotional man. The pastor will continue his testimony on Monday.

The heirs have a great deal on the "Geo." letter as supporting their contention that its receipt by Mr. Kafitz was one of the leading motives in inducing him to disinherit his young and attractive wife, Maude M. Kafitz. She is contesting the probate of the will on the ground that Mr. Kafitz's mind was unimpaired by the war. Her evidence was to the effect that he was pro-German and read only German newspapers and the Los Angeles Examiner.

The heirs contend that his mind was normal. The alleged attempt on the part of Mrs. Kafitz to shoot him was a powerful cause for cutting her out of the will, it is contended.

## WHERE'RE THE BONDS?

Judge Would Like to Know, so Would Woman Who Owns Them.

What will happen to Nellie Lee, attractive young widow, on the 29th inst., if she does not produce enough Liberty Bonds to satisfy a judgment of \$1170 obtained against her by Mrs. Maude E. Burdick in a lost love suit? It is a question now agitating the court.

Mrs. Lee frankly admitted that she sold her house to a Whittier man in exchange for Liberty Bonds and that she gave the bonds to a "gentleman friend" to invest for her. This friend is out of the state, and Mrs. Lee declares she does not know where he is. At the time she received the bonds the suit was pending.

## MAKING DRY FARMING SAFE.

Valuable Article on Moisture Conservation in Farm Department.

The agriculturists of Southern California are face to face with the problems presented by another dry year. Hoped-for rains have failed to materialize and the results are already apparent in many dry-farming localities. The importance of soil moisture conservation has again been brought home to the growers. There is an article on this vital subject in tomorrow's Farm and Tractor Section of The Times that every farmer should read. An article that sets down to brass tacks on the dry-farming proposition and presents the information that people want to have. Don't miss it if you are one of those who is more or less at the mercy of the weather and growing crops.

What will prohibition do to the California hop industry? The question is agitating the hop growers as much as the dry era just ahead is worrying the vineyardists. A special contributor to the Farm and Tractor Section has dug out some interesting facts about the situation and these are incorporated with illustrations in a fine rotogravure page. San Joaquin Valley readers of The Times will find much interest in another "rotogravure" on the proposed co-operative date-growing project instituted in that great section. If you want to know what all can be done with a tractor read another special article on the versatility of the steel farm horse. No live-stock man should miss the Live-stock Bulletin, a column of down-to-the-minute facts about the stock men and stock farms of the section.

## ANNOUNCE PROGRAMME FOR ANNUAL MEETING.

HOLY COMMUNION SERVICES TO OPEN EPISCOPAL DIOCESAN CONVENTION.

The twenty-fourth annual convention of the Episcopal Diocese of Los Angeles will be held in St. Paul's parish hall, Wednesday, May 15, beginning with a celebration of the holy communion in the cathedral at 7:30 a.m. and 10 a.m.

On succeeding days there will be a service of the Holy Eucharist at 7:30 a.m. and 10 a.m. in the cathedral. The Pro-Cathedral at 7:30 a.m. and morning prayer at 9 a.m.

Tomorrow will be held the annual Sunday-school at St. Paul's Pro-Cathedral, 3 p.m. On Monday the annual meeting of the Board of Christian Education, St. Paul's Pro-Cathedral; holy communion, 8:30 a.m.; organization for business in parish hall, 10 a.m.; conference with the bishop and clergy from 3 to 4 p.m.; service at Japanese mission and demonstration of Japanese work, 9:30 a.m. Monday evening meeting of convention, St. Paul's Pro-Cathedral; holy communion, 7:30 a.m.; conference of delegates and workers, 10 a.m., in parish hall; business meeting, 2 p.m., with address by bishop; evening meeting, 7:30 p.m.

## WINS DIVORCE IN SECOND ATTEMPT.

WIFE OF MOTION PICTURE WORKER GRANTED DECREE ON DESERTION CHARGE.

After two attempts, Mrs. Ethel Fuster was granted a divorce from Lewis R. Fuster by Judge Taft yesterday. The first case was dismissed because it was found that Mrs. Fuster had not lived in the State a sufficient legal period. At that time she contended that she had discovered she had been married at a mock ceremony.

Upon insisting on another marriage, the ceremony was performed. Yesterday Mr. Fuster, an inventor of a process of color photography for motion pictures, was granted a divorce because he had not lived with Mrs. Fuster after the second ceremony.

He was charged with desertion, and stated that when he came to San Francisco in 1915, he said he would send for her. She was working in his plant in New York as a film cutter. In 1917, she came to San Francisco.

## HE DODGES DISHES.

That is, When Wife's Not Busy Otherwise, Husband Says.

Portions of the married life of Walter T. Jordan were occupied in dodging dishes thrown at him by his wife, Bertha E. Jordan, he told Judge Crall in divorce proceedings yesterday.

Once she hit him with a poker and on another occasion she threatened him with a revolver, he testified. Mrs. Jordan did not fight the charges.

## CONFESSES BURGLARY.

C. Belmont pleaded guilty yesterday in Judge Willis's court to two counts of a information charging him with burglarizing the house of H. E. Boyd of 1118 West Thirty-ninth place, and the house of Shy Tanaka. He asked for probation, hearing for which was set for May 15.

## SEES BIG THINGS AHEAD FOR PORT

Noted Harbor Engineer Sure of Our Future.

Praises Work Done to Bring Commerce Here.

Got Great Deal for Money, Says B. F. Cresson.

Enthusiastic over the harbor and predicting a great development here in export and import business, B. F. Cresson, Jr., consulting engineer for the New York and New Jersey Harbor Development Commission, left last night for San Francisco to continue his inspection of Pacific Coast port facilities. Mr. Cresson is one of the noted harbor engineers in the world and is associated with Gen. G. W. Goethals in the development of the New York and New Jersey harbors where more than \$200,000,000 will be spent during the coming year.

Mayor Woodman, who has guided the development of the local harbor, Traffic Manager C. H. Matson and Engineer J. W. Ludlow of the Harbor Commission, accompanied Mr. Cresson on his tour, which included an inspection of the Submarine Base and of the new fish harbor.

After his trip, Mr. Cresson said last night:

"The people of Los Angeles may congratulate a wise administrative policy and a conservative method of procedure for the result at the harbor; they got a great deal for their money. There is no sign of waste, no evidence of inept handling, no extravagant mistake to be pointed out."

"It is obvious that a general plan was adopted several years ago and carefully followed out. This is a correct method. The other harbor is a particularly fine piece of development. The thoroughness of the best modern type."

"Los Angeles showed that it is progressive and far-sighted in voting a bond issue for future work. It should place the execution of this work under the same wise administration which has proved efficient, not going ahead in advance of its needs."

"One of the apparent needs at the harbor is indicated in the lack of freight handling equipment. This lack is not peculiar to Los Angeles, but exists at most American ports. I look for great economies at your harbor by the installation of portal cranes, conveyors and telfers (overhead conveyors) for which a part of the bond issue will be spent."

"Additional structures, such as piers, sheds and warehouses, which will be built, should be constructed with relation to freight-handling machinery."

"I look for great development in both export and import business in all Atlantic and Pacific ports, which are best equipped to get business. Los Angeles should look forward to a fair share of eastern ocean business."

"If you can make a port where shippers will get service and facilities cheaper than some other place, it is only a matter of time before business will come to your port of its own volition."

"Business seeks an improved harbor. The great development of the merchant marine is your great inducement to improve facilities. Assured, as you may, that your port, well equipped with handling machinery, will bring results."

"Your Chamber of Commerce has made me welcome and furnished me with a fund of valued data. Mayor Woodman has given me an entire day to make a most careful survey. It will be my pleasure to commend them and your harbor. I have not seen an expenditure of money for such work which produced better results."

## "Sunkist" the Selected

—from 2,000,000,000 Oranges

WE pack and sell approximately two billion oranges each year. And yet we seldom plan the "Sunkist" orange more than half of them.

For Sunkist oranges are only those oranges that are uniformly good. Not all oranges can be uniformly good. For Nature doesn't make them so.

The easy way, then, for you to get the most in your money is to get Sunkist—the oranges selected by their good eating quality by our experts, who are constantly on hand to judge. Try Sunkist for a few weeks and you will find the breaking off of the seed.

## Sunkist

Uniformly Good Oranges

Sweet, juicy, delicious. At all first class stores. No oranges in the original Sunkist wrappers bearing the name "Sunkist".
